Would someone let me know who has not attended meetings for 2 years? The Board now removes persons who do not attend meetings regularly. With habitual absences, the Council's meetings may lack a quorum and the Council will not be able to conduct business.

Also, Commissioner Proctor had just reappointed Mr. McDonald, prior to our getting notice that he is longer interested in serving. A letter advising him of his reappointment was mailed on November 3rd and was returned to my office on November 22nd with the following : Return to Sender/Attempted Not Known.
